巴黎遊記

By 漆曉曦 Amelia Chief

今年冬天我和爸爸媽媽去法國巴黎玩了兩個星期。我玩得很開心。巴黎的食物很好吃；景點也都很好玩。我們去了艾菲爾鐵塔，黃昏時坐船遊塞納河，參觀了凡爾賽宮 (Palace of Versailles) 和楓丹白露宮 (Château de Fontainebleau)，也去參觀了很多巴黎有名的博物館。其中我最喜歡的博物館是羅浮宮 (The Louvre)。

巴黎有很多有趣的博物館。爸爸媽媽買了六日的巴黎博物館通行證，可以連續六天不限次數參觀巴黎地區五十個以上的博物館。因為我未滿十八歲，跟著爸爸媽媽一起參觀可以不需要買門票；真的太方便了！巴黎博物館有很多印象派和文藝復興時期的名畫，還有希臘和羅馬時期文化的雕像。我最近在學校學了很多希臘神話的故事，所以我特別喜歡看和希臘神話有關的雕像。我們這次羅浮宮還參觀了三次呢！

我們也搭電梯上去了艾菲爾鐵塔的最頂端。那天的天氣非常冷，鐵塔上風特別大。但是鐵塔上面看到的風景很棒！鐵塔上面的觀景台還特別註記了從哪個方向可以看到哪個國家，我也找到了看到台北的註記！

我很喜歡法國的食物。巴黎日本城的烏龍麵很好吃！巴黎的披薩是我吃過最好吃的披薩！但是法國最棒最有名的就是甜點了！我愛法國的馬卡龍 (macaron)；其中我最喜歡的口味是焦糖香草！巴黎很好玩。這次很可惜沒看到雪。但是我玩得很高興！希望下次有機會再去！Au revoir！

The Adventures of Pearhead!

By Alula Savene 史維珊 (Class 3B)

A woman mindlessly taking a walk near a construction site accidentally falls into a ditch filled with smoking hot, green liquid. When she recovers, she shoots up from the ditch and hovers in the air with glowing gold beams emanating from her eye sockets and mouth. She now has a head shaped like a pear and is wearing a green jumpsuit and red cape. Little does she know, she had fallen into radioactive pear juice and has become Pearhead, a new crime fighting superhero!

On the other side of town, a father and his toddler son are going for a walk in the park. As they pass by a tree, the father trips over a tree root and stumbles. The toddler son, sitting on his back, also falls. Father and son both happen to fall into a puddle of rotten fruit juice. Sadly, they drink some of the rotten juice and start transforming. The father's head turns into an apple and his body gains a few pounds. His outfit has changed into a dark mysterious galaxy robe. He has become Applehead, a supervillain! The son's head turns into cherry and his outfit changes into a cute sky-blue jacket. The son has turned into Applehead's minion, Cherryhead! Together, they scheme to achieve world domination.

At the next World Confederation Meeting, where all the world leaders come together to discuss global social and economic problems, Applehead intercepts the meeting by using microscopic sized drones to break through the windows of the meeting room. Once inside, the special drones tie each of the leaders up to their chairs and release a special gas that slowly cause all the leaders to pass out. Applehead, who was a surgeon before turning evil, takes this chance to surgically implant small chips into the frontal lobes of the brains of each of the world leaders. Before leaving, he uses a special type of superglue to patch up the windows. By then, the leaders slowly begin to reawaken from their slumber, so Applehead activates a button on his wristwatch. Within moments, the drones self-destruct and disappear. The meeting resumes as if nothing has happened.

Little do the world leaders know, the chips implanted in their brains have changed them. Their minds are now controlled by Applehead. Using his supercomputer Max, Applehead makes his son Cherryhead code the decisions he wants the leaders to make. By the end of the meeting, all the world leaders have agreed to create rules in favor of apples. Applehead has succeeded in world domination!

These are some of the mandates the world leaders created:

1. Every school district must serve apple pot pies for breakfast and lunch (for boarding schools, dinner too)
2. Every student must give an apple to their teacher every single day of the school year
3. Every baby and child must be fed applesauce and apple juice must be added to the milk they drink
4. Every adult must plant an apple tree in their backyard or the park
5. Anyone who does not follow an apple-related rule will either spend time in jail or pay a fine

Soon, the world begins to change, as Applehead comes up with more and more rules for the leaders to implement. By the end of one week, apple production increases by 10 times what it was before and literally everyone has eaten one apple at least once a day. Although many people have gotten used to the new rules, they are miserable.

Pearhead becomes aware of the unhappiness of the people, through her supercomputer Zilla, a know-it-all computer that updates her with important information. She becomes concerned and decides that she must find a way to end the suffering by reversing the rules. However, her only superpower is her ability to fly, so she decides to persuade Cherryhead to join her side. Using Zilla, she figures out Applehead and Cherryhead's whereabouts. Their secret lair is the basement of Applehead's house. Pearhead flies to Applehead's house and sneaks in. While Applehead is on the toilet, she convinces Cherryhead to join her side by promising him 10 bags of quarters. Without hesitation, the greedy Cherryhead agrees. Pearhead instructs Cherryhead to write code making the world leaders reverse their mandates. Soon after Cherryhead finishes coding, the world leaders call an emergency meeting to reverse all the mandates. Pearhead then instructs Cherryhead to smash Max into pieces with a jackhammer.

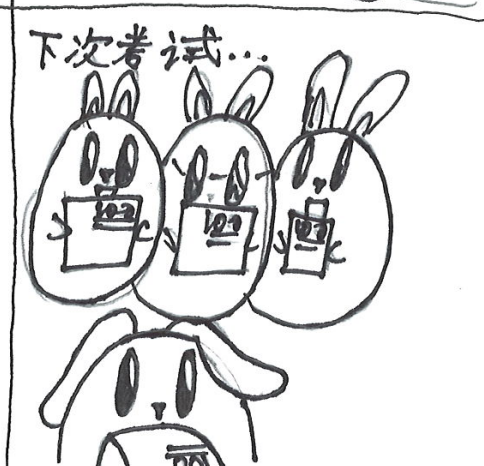

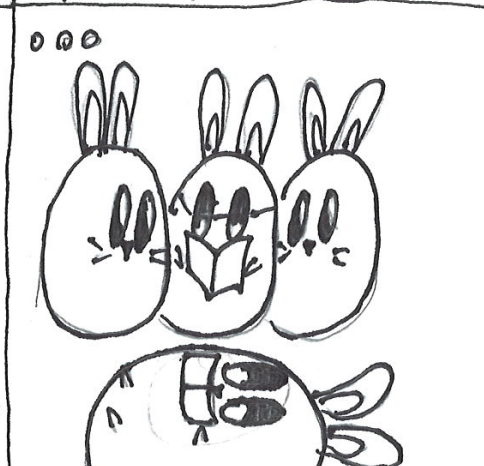

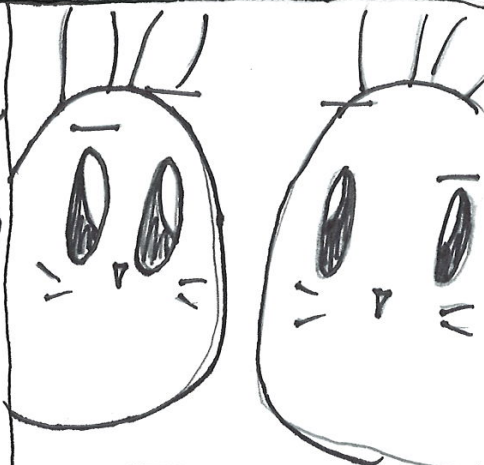

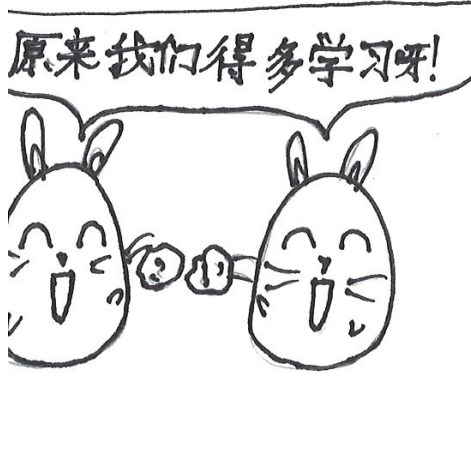

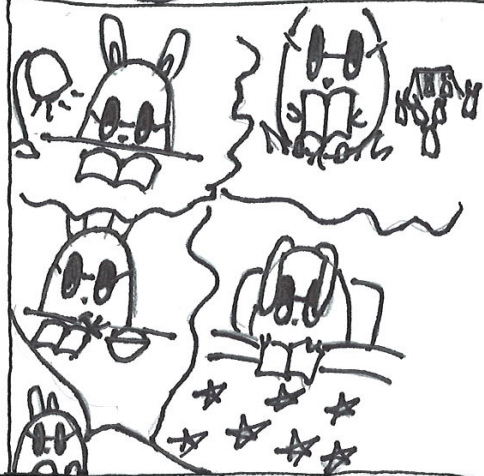

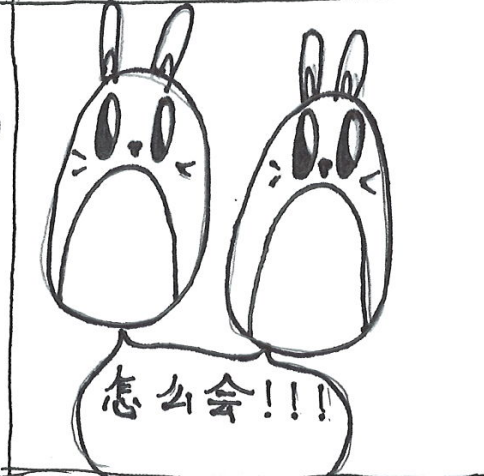

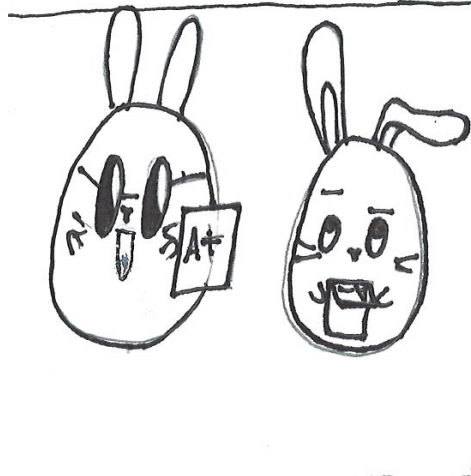

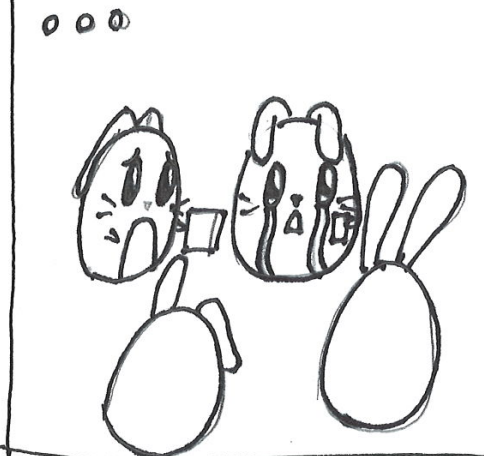

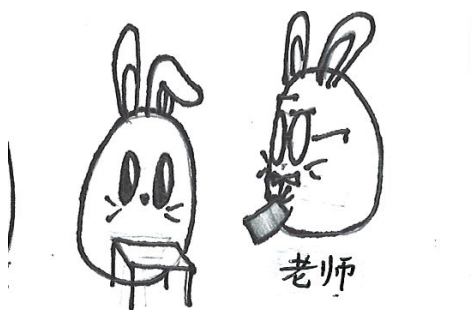

Once Applehead figures out what has happened, he confronts his son and accuse him of siding with Pearhead. Cherryhead tells his dad that a squirrel peed on Max and pushed it out of their two-story home, which must be why the codes have been reversed and the computer broken. Applehead turns angry and locks himself in his room. Meanwhile, the people in the world decide to have a pizza party!

Spot the Differences!

There are 10 differences.

Did You Know?

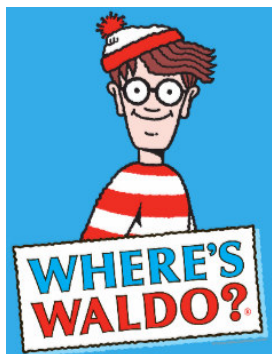

一, 二, 三 ... are the numeric forms for numbers in Chinese. They are the same as 1, 2, 3... However, there are actually Chinese characters for each of these numbers. Just like how 1, 2, 3 = one, two, three.

For example: 一 in Chinese character form is 壹.

Can you match the number to its Chinese character?

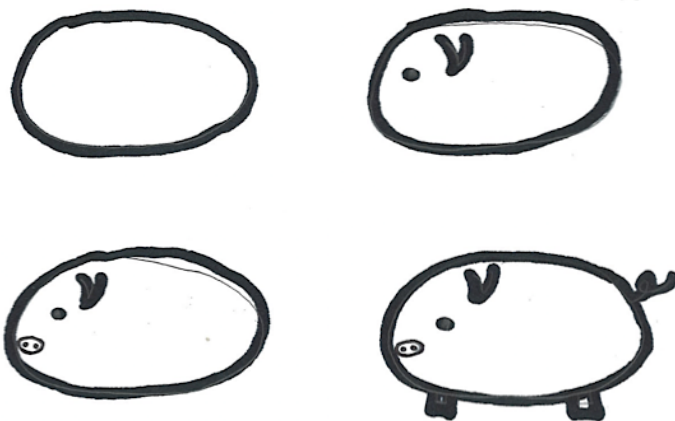

2	伍
3	陆
4	参
5	貳
6	肆
7	佰
8	仟
9	捌
10	柒
100	拾
1,000	玖
